Our Review

Opinion of the webmaster, subject to debate

Offers a "science lesson" on anti-gravity propulsion systems and a summary of Bob Lazar's claimed experiences at "Area S-4" - alleged site of a secret hangar housing alien craft. Whether you believe him or not, his claims are both intelligent and restrained, adhering closely to the "facts" of what he says he experienced. (This product is the original homemade Lazar Tape repackaged in a slick new box; it is not the "new" Lazar Tape that has been promised by Huff and Lazar for several years but that has never materialized.) -- *Glenn Campbell*

Reservations

Lazar's credibility is an issue -- but you knew that already.

Comparison to Other Books

See Hesemann's [Secrets of the Black World](#) for a less rehearsed Lazar along with many other Area 51 characters.
