Our Review   Opinion of the webmaster, subject to debate

Lindemann's video is one of the first to feature the "Black Mailbox" and the claims of Bob Lazar. Sean Morton says that "even on a bad night" dozens of UFO can be seen over Area 51. Some interesting video is shown of alleged UFOs over Las Vegas.

I saw this video before coming to Nevada at the end of 1992. I thought Sean Morton's claims were outlandish enough to check out. Although I have since discounted most of the claims made in this tape, it is still an interesting social document, and there are still some video clips of "UFOs" that I still haven't figured out. -- *Glenn Campbell*
