

How to Order

At present, orders are accepted only by US mail (although we may make exceptions when time is critical). Orders must be pre-paid by check, money order or cash. For ordering instructions see [Order form in Netscape table format](#). (and ignore text below). Otherwise, send a list of the items you wish to order, along with the appropriate postage and handling. Nevada residents must add [Sales Tax](#).

Postage and Handling (USA)

- If you order only lightweight items (decals and patches marked *post=light*), postage is only \$1.50 for the entire order.
- Otherwise, calculate postage according to this formula...
 - Start with the Basic Postage Rate of \$4.00 for Priority Mail. This rate covers up to two "books" (*post=book*) and an unlimited number of *std* and *light* items.
 - Then add...
 - \$1.00 for each book or video (*post=book*) beyond the first two.
 - When an item has a postage surcharge amount beside it (*post=\$2*), add that amount to total.
 - Note: Items marked *2books* or *3books* are counted as that many books for shipping. Items marked *poster* are considered *3books* for the first poster (to cover cost of mailing tube), but there is no additional shipping cost for other posters in the same order.

The above formula covers most orders. However, we reserve the right to bill you if the actual postage amount is greater.

Postage and Handling (Canada and Mexico)

Calculate the same postage as for USA above, then add \$.50. Payment must be in US Dollars, but Canadian cheques marked "US Funds" are acceptable.
