Our Review

Opinion of the webmaster, subject to debate

In spite of the somewhat lurid subtitle, this is apparently a well researched guide to confirmed information on underground government facilities, including Cheyenne Mtn., FEMA facilities, tunnelling methods, etc. A primer on the "how and why" of underground construction. Includes many reproduced government documents, patent diagrams and photos of boring machines. The only irrelevancy is a chapter at the end on alien abduction, which departs into speculation and doesn't seem to fit. -- *Glenn Campbell*

This catalog provides the sole financial support for the [Ufomind website](#) and our many free on-line services.... Your purchases keep us going!

Information from the Publisher

Always supportive

From the Book Cover

There are more underground bases than you think, and there's more going on that just planning to keep the President alive in a nuclear war. Working from public documents and corporate records, this book digs below the surface of the government's super-secret underground!

50 Pages of Photos and Illustrations!

Plus additional chapters on UFO-like technology

"Dr. Sauder has done some superb research and has revealed something that needs to be addressed by the people at once. This is a significant book -- maybe vitally so -- and must be read by every concerned citizen."

-- Whitley Strieber, author of [Communion](#) and [Breakthrough](#).

What is the government hiding in these secret installations?

What is our military REALLY doing down there?

Why does the Pentagon keep them so secret?

Where are the bases? (Some of the locations may surprise you)

Go behind the scenes into little known corners of the public record and discover how corporate America has worked hand-in-glove with the Pentagon for decades, dreaming about, planning -- and actually constructing -- secret underground bases.

And newly-uncovered information indicates that the strangeness continues with bizarre, high-tech gadgets like portable, hand-hel surgical lasers and injectable electronic IDs as small as a grain of rice!

Richard Sauder, Ph.D., is a financial and military researcher based in the Southwest. Some of the material in this book appeared previously in *UFO Magazine*.

Table of Contents

- [Foreword: A Cautionary Note To UFO Buffs](#)

1. Oh Yes, They're Real!

2. The Military Underground: Air Force, Army and Navy

3. The Ultimate War Rooms: Fighting the Big One From Deep Underground

4. More Underground Facilities: Military, Government, Nuclear and Business

5. The Mother of All Underground Tunnels?

6. Tunnelling Machines: The Conventional Types and the Science Fiction "Black" Models

7. Nuclear Testing, the EPA, Abductions, Animal Mutilations (and Aliens?)

8. Abductions, Needles and Implants: A Fresh Approach

9. Is the U.S. Military Involved in "Alien" Cattle Mutilations?

Afterword: Last Words On Underground Bases, Tunnels and Exotic Tunneling Machines
