Regarding "Psychology & Philosophy" - Latest First

Sometimes on the right track

Hi, I'm jen and 21 years of age, I have always had problems growing up. When my brother passed away I was only two but since then I have felt he's spirit and seen things that would make a grown man cry. I was told that I was crazy but It will all ways be their. I still see things and I know when I'm going to die but the hardest thing is that the way my life is going I need to hear all the voices I can. I'm not begging for anything I just want to know that I'm not the only one going through this type of hell. Thank you very much for reading.JEN
