Subject: Welcome to the skunk-works list

--

The skunk-works mailing list was created for discussions of advanced technology aircraft and historical discussions about products of the Lockheed Advanced Development Company (LADC), also known as the Skunk Works.

Primary areas of discussion include:

- U-2 and variants
- SR-71 and variants
- F-117
- TR-3A
- "Aurora" and variants

Book reviews are occasionally posted.

Since the list is mostly made up of aircraft enthusiasts, we're pretty casual about the discussion topics. We've digressed in the past on the XB-70 and the B-58 Hustler, for example, even though they don't technically fit the charter.

Classified information is strictly prohibited.

To post to the list, address your mail to "skunk-works@netwx1.com".

To unsubscribe from the list send e-mail to "skunk-works-request@netwx1.com" with the 1 word message of unsubscribe.

If you have any questions or problems please send e-mail to the listowner at [georgek@netwx1.com](mailto:georgek@netwx1.com)

Thank You,

George R. Kasica  
Listowner

## SUBSCRIPTION INFO

"To subscribe to skunk-works-digest, send the command:

subscribe

in the body of a message to "skunk-works-digest-request@netwx1.com".  
If you want to subscribe something other than the account the mail is coming from, such as a local redistribution list, then append that address

to the "subscribe" command; for example, to subscribe "local-skunk-works":

```
subscribe local-skunk-works@your.domain.net
```

To unsubscribe, send mail to the same address, with the command:

```
unsubscribe
```

in the body.

Administrative requests, problems, and other non-list mail can be sent to [georgek@netwrx1.com](mailto:georgek@netwrx1.com).

A non-digest (direct mail) version of this list is also available; to subscribe to that instead, replace all instances of "skunk-works-digest" in the commands above with "skunk-works".

Back issues are available for viewing by a www interface located at:  
<http://www.netwrx1.com/skunk-works>

If you have any questions or problems please contact me at:

[georgek@netwrx1.com](mailto:georgek@netwrx1.com)

Thanks,

George R. Kasica
