To Whom It May Concern: Marge Haller has a Masters in Theology and is a respected member of the UFO/ET Work Group, Pittsburgh. Over the past three years since I met her, she has never told me a lie. I produce a UFO ET news and investigation t.v. program on local cable access in Pittsburgh, and read Dr. Wolf's book in the Autumn of 1996. I interviewed him for two hours and broadcast the program and will broadcast it again due to the fact that reality is catching up to his, then, beyond belief disclosures. Dr. Boylan checked out Dr. Wolf. It seems, initially, that investigators have a difficult time with Wolf. And, then, as time goes by and events materialize, he is corroborated. We who are closer to him are well aware of his health problems and the hell he has been through regarding the tragedy of his wife and child's deaths. It is crazy and heartless to try and undermine this aspect of his story. When James Courant informed me over Christmas 1996 that I was being too hard on Dr. Wolf due to my own investigation of the New York Academy of Sciences listing, I decided to wait and learn more. When Ms. Haller returned from her visit and informed me that she had seen with her own eyes the calligraphed diplomas from MIT and McGill, I knew that my patience was justified. Truth is ultimately a question of the heart. Dr. Wolf has approached UFOlogy with heart. If you don't believe that he won degrees from MIT and McGill you won't believe that he was a close personal friend of Federico Fellini and appeared in one of the maestro's movies either. Stanton Friedman! Check it out! Hah! Hah!
