Skunk-Works Mailing List Subscription Information

```
To subscribe to skunk-works-digest, send the command:

     subscribe skunk-works-digest

in the body of a message to "majordomo@pmihwy.com".  If you want
to subscribe something other than the account the mail is coming from,
such as a local redistribution list, then append that address to the
"subscribe" command; for example, to subscribe "local-skunk-works":

     subscribe skunk-works-digest local-skunk-works@your.domain.net

To unsubscribe, send mail to the same address, with the command:

        unsubscribe skunk-works-digest

in the body.

Administrative requests, problems, and other non-list mail can be sent
to either "skunk-works-digest-owner@pmihwy.com" or, if you
don't like to type a lot, "georgek@netwrx1.com".

A non-digest (direct mail) version of this list is also available; to
subscribe to that instead, replace all instances of "skunk-works-digest"
in the commands above with "skunk-works".

Back issues are available for e-mail request by sending a message to
majordomo@pmihwy.com with no subject and a line containing "get
skunk-works-digest vNN.nMMM" (where "NN" is the volume number, and "MMM"
is the issue number). You can get a list of all available digests by
sending the one line command "index skunk-works-digest".

If you have any questions or problems please contact me at:

georgek@netwrx1.com

Thanks,

George R, Kasica

Welcome to the skunk-works mailing list!

If you ever want to remove yourself from this mailing list,
send the following command in email to
"skunk-works-request":

     unsubscribe

Or you can send mail to "Majordomo" with the following command
in the body of your email message:

     unsubscribe skunk-works skunkworks-in@ufomind.com

Here's the general information for the list you've
subscribed to, in case you don't already have it:

The skunk-works mailing list was created for discussions of advanced
technology aircraft and historical discussions about products of the
Lockheed Advanced Development Company (LADC), also known as the
Skunk Works.

Primary areas of discussion include:

        U-2 and variants
        SR-71 and variants
        F-117
        TR-3A
        "Aurora" and variants

Book reviews are occasionally posted.

Since the list is mostly made up of aircraft enthusiasts, we're pretty
casual about the discussion topics.  We've digressed in the past on the
```

```
  XB-70 and the B-58 Hustler, for example, even though they don't technically
  fit the charter.

  Classified information is strictly prohibited.

  To post to the list, address your mail to "skunk-works@pmihwy.com".
