ACADEMY OF CLINICAL CLOSE ENCOUNTER THERAPISTS (ACCET)

Extraterrestrial Encounters: A Call To Clinical Training

with Richard Boylan, Ph.D., CCHT, Ruth Hover, Ph.D., LCSW, Carol Fraley, LMFT- (OR) and Barbara Lamb, MFCC

Saturday, November 15
Carmel Mountain Ranch Country Club, SAN DIEGO, California

Due to an upsurge in remembered close encounter activity and recent sightings in major metropolitan areas, this call goes out, inviting therapists to this day-long clinical training about working with persons reporting extraterrestrial encounters. The interest of the public is unprecedented, and therapists will be "in the trenches", as the need for counseling services and understanding of these events is on the increase.

ACCET is a Federal and California tax-exempt educational and research professional organization dedicated to increasing understanding about extraterrestrial and human contact.

The Workshop Program

The clinical program will include an overview of the UFO and extraterrestrial contact phenomena, clinical implications of the personal ET encounter experience, differential diagnosis of ET encounter reaction from alternative presentations, memory issues and considerations concerning use of hypnosis for anamnesis, clinical intervention techniques, and public education. The Program will also provide clinical demonstration and case consultations.

Your Clinical Faculty:

He brings 25 years of practice as a psychotherapist and hypnotherapist to the team. He is a founding Director of the Academy of Clinical Close Encounter Therapists.
