DUGWAY PROVING GROUNDS

Date: Fri, 7 Aug 1998 20:18:02 -0400 (EDT)
From: Rich Thomson
Subject: "area SW of Tooele" is Dugway Proving Grounds
Re: <http://www.ufomind.com/area51/list/arc/1996/v096n028.html#m10>

The mail message referring to the exclusion zone SW of Tooele (off I-80, not I-70 as was mistakenly stated) is the Dugway Proving Grounds. The air space restriction zone is due to the fact that a part of DPG's mission is the testing of chemical and biological agents delivered from airplanes. The statement that the "base is only accessible from the air" is false. DPG is accessible by two paved roads, used for the shipment of supplies and the commuting of base personnel.

FORT IRWIN QUESTIONS SUPPRESSED

Commenting on: <http://www.ufomind.com/org/comment/>

Why is it when you are in the military and are on deployment at FT. Irwin CA.; you are not allowed to take photos, or ask questions about the lights in the sky just east of the training post? Even in an early formation (04:30), when the lights in the sky seem to move with acrobatic ease, your not supposed to see it....sheesh!

ALIEN ABDUCTION: A GAY PERSPECTIVE

Date: Fri, 7 Aug 1998 13:57:29 -0400 (EDT)
Commenting on: <http://www.ufomind.com/area51/>
From: David Gill <Budd182316@aol.com> [reprinted with permission]

I'm a gay guy who happens to do UFO/Paranormal research. I've found that there is a distinct correlation between many abduction episodes and homosexuality. I may be off base, but my male lover worked in the aerospace industry (for Hughes Aircraft), He was hired by EG&G to work at the Nevada Test Site in 1993, but when it was discovered that I was doing research work, he was quickly "unhired." It wasn't because he and I are gay, but rather it was due to the nature of my work - men were telling me all sorts of stories that were extremely alike, which was odd, in that the men involved had no apparent contact with each other. I believe that with the discovery of DNA, the abduction scenarios took a decidedly more sexual tone, although many people think I'm totally nuts. I've been cautioned on several occasions to "tone it down" on the sexual aspect, as if people are afraid of who they really are. It's astounding to think that on the doorstep of the new Millennium, we're still being ! restrained by Victorian concepts regarding sex and morality. I know I'm on to something because the stories are more numerous and closely akin, and men in particular (many in the military) are telling me things about their experiences that they'd never tell a heterosexual researcher. I guess I'm a good listener, or just plain nose. Maybe it's the full moon, but I don't think so. Am I nuts?

Subject: Re: Budd Hopkins

Dear sirs:
Recently I read several books of Mr. Budd Hopkins in Chinese vision. May be I could not express what I feel clearly cause my poor English. But the strong impression to me is :
is Mr. Hopkins out of his mind? He tells us he has got a lot of witness, but where those evidence in phisical?
Perhaps no more bright future for all of us in earth, so Allen and UFO is some people's new God or become their belief.
Anyway I think Mr. Hopking's book is really a beautiful tales.

Best regards
A chinese reader

FROM A BIBLE BELIVING SOTHERN BAPTIST

Commenting on: <http://www.ufomind.com/para/conspire/nwo/>

I belive that the NWO is something that is here and shall not be stopped! It is part of Gods holy plan that this happen , but (praise God) He has promised all believers that they shall not feel the brunt of the Anti-Christ's blows, in fact, I belive in the pre tribulation rapture of the Church so I probably will not be here. If the rapture comes today, and anyone who is on this site is left behind to be in the NWO, then it is your own fault! But there is still hope, salvation through Christ is a free gift that the UN can never take away. Just pray the prayer of acceptance of Christ, and do not fear the NWO at all. God Bless You!! And may America REST IN PEACE.....

KUBRICK TRANSLATION REQUESTED

From: fivel_xc@hotmail.com
Subject: 2001:A Space Oddessey
Date: Fri, 31 Jul 1998 12:12:47 PDT

first of all, you have no idea who i am, but i hope you will return my email.

I just saw 2001:A Space Oddessey for the first time yesterday, and i am having trouble understanding it. i have a vague idea of what some things might mean, but i would like to hear from some other people, to hear what their interrpretations(sorry for the spelling, it's summer) might be.

if this were just some ordinary movie, i would probably just brush it off and say that it sucked. but i heard, if you can understand it, it is an unbelivable movie.

so, if you could, email me back and tell me what you thought the movie meant, or just give me a web site where i couod find out some information. thank you.
