Research Revelations -- Or Continuing Conspiratorial Cover-up?

Philip J. Klass has now infested the world with yet another book purporting to "explain" the famous Roswell UFO Crash in 1947. He claims to have obtained new "inside information" that gives credibility to his writings, yet he apparently has not bothered to even interview the available firsthand witnesses, such as myself. Of course, if he had asked me about my experiences in posing some of the actual Roswell wreckage pieces for the only known photographs with General Roger Ramey and Major Jesse Marcell, Sr., he might not have been so quick to write off the whole incident as fabricated! Instead, Klass falsely accuses me of writing an article for the Fort Worth Star-Telegram, published on July 9, 1947 -- which actually was an Army Air Forces press release! Then, throughout the book, he irresponsibly and viciously attacks me for my "inconsistencies" in making later statements which are at odds with the news story! The REAL Roswell story -- as yet untold -- is what force is SO PERSUASIVE as to motivate Klass and other UFO agnostics to conspire together in the continuing cover-up as to the TRUTH about Roswell?
