Subject: WWN this week: Area 51 has a stargate???
Date: Wed, 07 Jan 1998 14:15:27 GMT

From the files of the Weekly World News:

Last week, they reported two of their ppl went to Area 51 to get some "secret" pics of the facility, and one of the reporters was "missing".

This week, the reporter was "found" and said that Area 51 has some sort of StarGate-type time machine! The pics shown in the article were taken directly from Stargate SG-1!! <lol>

Ahhh...yes! Another prime "news" story from a paper that outsells most "real" newspapers.

UFO's I can believe in, but a Stargate-type time machine is a bit of a stretch!!

Still watching the skies...
