Brother Blue & The Colonel
=====

As far back as 1991, the eminent and marvelously insightful scholar Dr. Jacques Vallee noted in his poignant work Revelations the following riddle:

"I had given my private address to Lazar's associates. Within days I started receiving strange letters from a colonel in Las Vegas who invited me to spend one month -- all expenses paid -- with a group of :: 12 People :: who were preparing a major belief change in America. My background, he wrote, would be a 'definite advantage.' The incentive for joining the group was to establish contact with aliens. When I ignored the first letter -- it included the logo of the group, a neo-nazi design with an eagle clutching the SS symbol and a bunch of thunderbolts -- the colonel sent me a second letter, even more specific. 'If you are sincere about contact with them, we can discuss it but only if there is no government involvement.'

"To show it meant business, my correspondent included detailed information: longitude and latitude of a certain UFO sighting dated May 1943. I had the feeling that the problem was entering a new and dangerous phase..."

We go now to meet with this elusive colonel, dear Brethren of the Internette; holding in our innermost being no guarantee that we should return alive or with our already failing sanity still intact. Should we fail to return, through either complex cerebral manipulations or foul play of the most heinous type, the secretary will, of course, disavow all knowledge of our actions.

Should we, however, emerge unscathed from our journey through this Abyss, we shall share freely all our findings for, as our beloved Frater R:A:W: hath so eloquently stated, "the only truly courageous act left is to tell the truth about everything."

Let us, therefore, meditate upon these things.
