John Lennon, Uri Geller abducted by aliens

From: "Stig Agermose" <wanderer@post8.tele.dk>

In a Nov 2, 1996 story in the Weekly News (UK), psychic Uri Geller claims that John Lennon told him he had been abducted by aliens from his Manhattan apartment...

The story is found on Geller's site at:

<http://www.tcom.co.uk/hpnet/megg.htm>

Very much to the point Geller attributes his psychic powers to his own abduction when he was four. The story is told in the Jewish Telegraph 12th June 1998, URL:

Excerpt:

Aged four I saw the light

(snipped)

"When I was four years old, an inexplicable urge led me into a deserted Arabic garden in Tel Aviv, and something happened to me there which might be explained by the words, 'Alien Abduction'. I saw a light, a shining disc in the sky. The light touched me. A figure stood before me, and it was not a human figure. Then I lost consciousness. When I came to, many hours had passed. I ran home to tell my mother and, of course, she did not believe me. But I can date the emergence of my powers from that day."
