UFO over Kunming

By Alan Zhang

At noon on October 3rd, an unidentified flying object (UFO) moving across the sky over Kunming has been photographed by a man named Han with his video camera.

The UFO transforms constantly in the air, sending out dazzling light. First it flies in the shape of a blazing ball sandwiched by two pieces of black rubber and then five diamond shaped objects flying in a diamond formation, says Han. This process continued for more than ten minutes.

The Han family was in the graveyard paying their respects. At about 11:50, Han took a look far into downtown Kunming and all of a sudden discovered an extremely dazzling object flying over the city. He observed the flying object with his video camera and shot about 3 minutes video tape of the UFO.
