BLACK HELICOPTERS AT GREEN RIVER

Date: Sun, 06 Sep 1998 18:55:14 -0500
From: Dave Kirby <lbear@rmi.net> [posted with permission]
To: "Glenn Campbell, Las Vegas" <campbell@ufomind.com>
Subject: Black Helicopters In Green River?

For whatever this is worth relative to the trickle of speculation about Green River, Utah...

My wife and I were camped at Fretwater Falls, in Desolation Canyon on the Green River on Tuesday, Sept 1. Third day into a seven day rafting trip. Fretwater is located at Mile 59.5, which is 59.5 miles above the I-70 bridge over Green River, Utah. At approximately 5:15PM, two large black helicopters came around the bend from downriver and flew directly over our heads, following the canyon upstream. The canyon walls there are about 500' high, the two choppers were about 150' or 200' below the top of the canyon walls. No numbers on the fuselage, though I thought I saw a large circle on the bottom of the lead craft. Sighting lasted no more than 15 - 18 seconds. They were loud and fast, and I haven't a clue what they could possibly be doing in some a remote area. They definitely did not appear to be search and rescue (almost nobody ever has to be rescued out of this canyon, as it is fairly mild whitewater...) Wherever they originated, they did not return the same way, as we did not see or hear them again the rest of the trip. I talked with one commercial guide in another party who had been camped 4-5 miles further upstream, and they saw the choppers too.

When I read the alleged Rueters story I decided to surf a bit. I found the Official Us Navy bio on Capt. Lewis. It appears a great deal of the "story" was a simple cut and past job down to the grammatical errors. Note the phrase "... embarked in USS Forrestal (CV 59)". One embarks on ship not in a ship. That error notwithstanding the entire thing is word for word from the Navy page on him. The address is:

BRUCE WILLIS AT AREA 51?

Date: Sun, 6 Sep 1998 17:27:48 -0700 (PDT)
From: [withheld by request]
To: webmaster@ufomind.com

Bruce Willis once got an invite to go to Mountain Home Air Force Base in Mt Home Idaho about 2 years ago. He drove there, got to fly around for 4 hours and even got to fly out to this "crazy secret base" in Nevada. He thought it was called dreamland as he heard it from the aviator through the radio. All you have to be is famous I guess to get an invite like that. By the way, he has a picture of him in the cockpit while they were on the ground in Nevada, it's on the wall at his Bar (The Mint in Hailey Idaho).

I used to work for him.

To whom it may concern:

I saw today on the TLC a story about Mr Campbell, that shows him on top of a mountain 23 miles from Area 51, at 23 miles it would take quite a powerful system to view in to the Area 51, At this time I have the ability to do just that, With me Optical System, Any one could view into the Area 51 site, and be able to read a Newspaper headline at 35 miles, and with resolution that would amaze you, All this can be put in a small truck and is very portable, The prototype can view the surface of the Moon with powers up to 500 X and the entire system fits in my car. If any one, is interested in the design I will give it to anyone who will build it in the proposed size, that will make it possible to do as I say it can, My reason for doing so is as follows:

I have Lupus and a very severe heart problem for this reason I will give the Idea up, so some one can and would carry out the balance of a life long dream, If Mr Campbell would like this or any one in your U.F.O. community please contact me.

ALIENS OF THE FOREST

Commenting on: <http://www.ufomind.com/place/us/nv/area51/event/interrogation/>

Aliens are all around us. They can conceal themselves so well because they blend in so. They live in the forests where no one can see them, and it is just by chance that when they come out, that's the only time we get a glimpse. Their headquarters is in Area 51 where they all were kept until they broke out April, 25 1984. That's when they took to the woods and kept their identity secret. They will not hurt us, they are a lot like us, searching for the truth. The only difference is that they found it and we didn't.

TO DO ON EQUINOX: REENVISION & RECONFIGURE
(UM, HOW DO WE DO THAT EXACTLY?)

From: prophets <prophets@maui.net>
Subject: A Reenvisioning and A Reconfiguration of Reality
To: [Multiple]
Date: Wed, 02 Sep 1998 23:27:04 -1000

Our adventure of existence demands a Reenvisioning and a Reconfiguration of Reality. It is therefore asked that we each take a few moments on Monday, September 21, the autumn equinox, to reenvision our Earth and ourselves: to see with new eyes. As you stop to see this Reality, alone or with others, an unparalleled gathering will be doing the same at the ancient Mayan power place of Uxmal in the Yucatan, Mexico.

Mayan Elder Hunbatz Men has called for this homecoming as signified by the Mayan calendar, an ancient message specifically for us and for our time, and he will be joined by an extraordinary group of 150 scholars, visionaries, mystics, leaders and teachers from around the world who will combine and open their minds, hearts, spirits and visions toward a Reconfiguration of Reality.

Each person's reenvisioning will be creative and unique, but the joined overriding impact will be powerful and will create a way through. Our adventure of existence demands it.

Area 51 is the advanced fighter for social progress and the new generation that represents the future of society. Exuberant vitality and fervent energy, courage, fearlessness and persistency constitutes our characteristic features. Area 51 is responsive to what is new, now, has a strong enterprise, and love justice and truth, for which it fights through thick and thin. Because of its splendid qualities, Area 51 can assume a very important role in the 1998 elections, the progressive revolution, and in the building of a new society after the 1998 elections. Area 51 is reality.

Subject: IUFO: Keep it simple

Sherlock Holmes and Dr. Watson went on a camping trip. As they lay down for the night, Holmes said: "Watson, look up into the sky and tell me what you see".

Watson said "I see millions and millions of stars".

Holmes: "And what does that tell you?"

Watson: "Astronomically, it tells me that there are millions of galaxies and potentially billions of planets. Theologically, it tells me that God is great and that we are small and insignificant. Meteorologically, it tells me that we will have a beautiful day tomorrow. What does it tell you?"

Holmes: "Somebody stole our tent".
