CONDON REPORT NOW ON-LINE

Date: Wed, 17 Feb 1999 15:34:44 -0500 (EST)
Commenting on: <http://www.ufomind.com/ufo/>
From: Jim Giglio <jgiglio@nova.umuc.edu>
NEW URL: <http://www.ncas.org/condon/>

This is the full text of the final report of the 1968 Colorado UFO project (all graphics and imagery included) It is presented on-line by National Capital Area Skeptics (NCAS), with the permission of the Regents of the University of Colorado. Sometimes called the "Condon Report" after its scientific director, Edward U. Condon, the Colorado work represents the largest single scientific project ever undertaken on the UFO issue. It has been heavily criticized over the years but has virtually disappeared from general circulation; readers now have the opportunity to compare the claims of the critics with the actual content of the report.

TRUTH IS ADVERTIZING

From: The Kairos <thekairos@the-word-is-truth.org>
Subject: Important Update
[Multiple recipients]

I would like to call your attention to the USA TODAY on Friday, February 19th. You will find there a prominent notice from the International Space Sciences Organization calling attention to a clear pattern of serious consideration of the "Unidentified Flying Object" phenomenon by the United States Government, and also a surprising fact of Cold War history only recently coming to light.

Timed with this placement, various updates have been made to my web site at www.TheWordIsTruth.org. Please pay a visit, and pass this message along to others who may be interested.

Very best,

J O S E P H F I R M A G E
Founder & Chairman
International Space Sciences Organization

[Firmage is referring to a full-page ad he purchased in USA Today providing quotes from former government officials apparently supporting the existence of UFOs. I was not impressed. All of the quotes have been circulated before and some appear to have been taken out of context. Corso is there, of course. "The Word is Truth," is an appropriate motto for Firmage. If you buy a big enough ad, is it truth? --GC]

REASONABLE DOUBT

Commenting on: <http://www.ufomind.com/ufo/comment/>

I have read your page with a great deal of interest. I still find nothing to dispell the doubt I have about UFO's. I have been a trained reconaissance pilot for 36 years and a computer field services engineer for 15 years. It has been my priviledge to fly and operate some of the most sophisticated electronic equipment in the world . Neither I nor any of the men I have ever served with have seen or ever detected a UFO. In fact we have found anything but, perhaps we need some training from some of these nonprofessionals. But, we will keep looking. In the meantime don't get worried until we do!!! Pardon the spelling, I'm not an english professor, just a plain ol engineer

SEA SHADOW NOT A SPEED DEMON

Date: Fri, 19 Feb 1999 17:08:42 -0500 (EST)
Commenting on: <http://www.ufomind.com/area51/list/1997/aug/a01-004.shtml>
From: Tim English <tenglish@nassco.com>

The Sea Shadow is not capable of 50 kts. The max speed is about 13 kts. The props at the rear of the Pontoons are pitifully small. Besides, going 50 kts would create quite a wake behind it. This is what they were trying to avoid.

The Sea Shadow is not capable of submerging. For one thing, the purpose of building two dihedral struts (legs) is to keep the noisy parts out of the water. Also, the doors and windows are not sealed for pressure, only weather.

Currently the Sea Shadow and it's barge are undergoing repair by NASSCO at the North Island Naval Base in San Diego.

Every telephone you call, every TV show you watch has subliminal messages in it. I am not paranoid. From this message you only see one side of me. I am a flat character. But it is true they come in through static, almost silent sounds, and pixels moving to make words in the TV or video game or whatever. Take it and slow down sound on your computer sometimes you can hear it for yourself. Just Try It OK I was once a non beleiver

FORGIVENESS FOR BRO' SWAGGART

Subject: Ask someone who knows...
Commenting on: <http://www.ufomind.com/people/s/swaggart/>

Bro Swaggart has indeed suffered much since the incidents of 88', but I am so glad of one thing "The Grace of God". As a former student of JSBC, I can comment 1st hand concerning the anointing that was at that place. Do i think that his actions were ok? Not at all, and neither does he.He has repented and so I must honor that in accordance with the Word.. In Feb 98, I stopped by the ministry with a team of evangelist.We were invited to a special prayer time with Bro.Swaggart.It was good to see someone that has and still does mean a lot to me. I love my brother and former pastor.Hey Bro Swaggart...if you need a preacher for campmeeting sometime...give us a call!

LOW FREQUENCY MIND CONTROL

From: Tony Beattie
Subject: Mind Control via suggestion
Commenting on: <http://www.ufomind.com/people/c/cia/mindcontrol/>

Mind Control is possible and is currently being done by extra-terrestrials in time ships. Once they locate you they put an organism in your brain (transported via anti-time) that receives and gives brain waves or thoughts. The extra-terrestrial also has an organism in their head that communicates at a low hertz range with the one in the specimen.

Have you ever seen the jet contrails in the sky. Most people have seen them but think they are harmless exhaust vapors from a jet, well they are wrong. I have been doing a lot of research on the matter and found that the contrails are part of Weather Control and possibly population control. They are everywhere in the world. There isn't too much information on the web about it, so if anyone has any information please e-mail me!!

MORMON SATANIST CONSPIRACY

Subject: The "Holy Spirit" of the Mormon Church
Commenting on: <http://www.ufomind.com/people/m/mormon/skeptic/>
New URL: <http://home.att.net/~j.mertz-hill>

I am a former Mormon. I honestly think satan is the power behind the Mormon church. You cannot believe how many Mormons I knew who were seeing demons and getting visitations from supposedly their loved ones who told them the church was true. Satan is the ultimate deceiver. These friends of mine saw this as a sign that the church was true. I truly believe satan deceives them this way. How many Christians have scary beings telling them that Christianity is true? We get our inspiration from God directly, and demons have no part in it.

Subject: Re: land for a solar home

Rachel really isn't a great place to live because it is so remote -- 150 miles from groceries -- and very cold in the winter.

To find out more, you'd have to visit.
