## New Search Option to Find Server Links

From: [campbell@ufomind.com](mailto:campbell@ufomind.com) (Glenn Campbell, Las Vegas)

A new search option allows you to locate all links to a given server.

See <http://www.ufomind.com/search/>

When you type in, say, "[www.yourserver.com](http://www.yourserver.com)", the system shows you all of the links to documents on <http://www.yourserver.com>.

This is especially useful for repairing multiple links when you know that a server has moved.

The results page also lets you edit each of the found links immediately.
