Sections Below: [General](#) | [Options](#) | [Footer](#)

General Links

- [The Mystery of the Newark Holy Stones](#) - Catalog entry for video tape. (1 para) - Product description <2/18/98 #1>
"Over 100 years ago in Ohio, carved stone artifacts were discovered under a mummy that was entombed under an earthen dome--all under a stone pyramid. Did ancient Hebrew sailors visit America centuries before Columbus?"
- [The Modern Riddle of the Ancient Sphinx](#) - What might be found beneath the paws of the Great Sphinx at Giza? - Theory <5/31/98 #2>
Articles written by Bauval and Hancock; P.D. Ouspensky's thoughts and feelings while first viewing the Sphinx in the early part of the 20th century; "Gizagate" -- recent news on the controversy surrounding excavations at Giza; Edgar Cayce's predictions concerning the Hall of Records, which he predicted should soon be uncovered.
- [The Oracle at Delphi](#) - Information on the method and history of this prime Oracle - Synopsis <6/8/98 #3>
- [The Cumaean Sibyl](#) - History and mythology surrounding Rome's Great Prophetess <6/8/98 #4>
"History records that the Apollonian sibyl who dwelt by the spring at Cumae originally offered Tarquinius Superbus (534-510 BCE) nine books of oracular utterances in Greek hexameters. The price being too high, Tarquinius rejected the offer, only to learn that she was burning the books of wisdom one by one. When the sibyl shrewdly offered the remaining three books for the same exorbitant sum as the original nine, he paid the price, and the books were preserved until the disastrous fire which incinerated the Capitol in 83 BCE."
- [The Stonedisks of Baian-Kara-Ula](#) <3/30/98 #5>
"During an expedition to the hardly accessible mountainrange of Baian-Kara-Ula which lies on the borderland between Tibet and China, the chinese archeologist Chi Pu Tei discovered several cave burial sites which contained strange, only about 4 feet 4 inches tall skeletons, whose heads were oversized in relation to their otherwise slender frame. In each of the total of 716 graves he found a stonedisk with a diameter of about 1 foot and a thickness of a third of an inch."
- [Ancient Maps](#) - The Enigmatic Piri Reis Map - Supportive - By Graham Hancock - Source: Ringerprints of the Gods <1/25/99 #7>
"Drawn in 1513, the map demonstrates an uncanny knowledge of South America -- and not only of its eastern coast but of the Andes Mountains on the western side of the continent, which were of course unknown at the time. The map correctly shows the Amazon R"

Regarding "Miscellaneous Ancient Mysteries" - Latest First

Reader Comments

Piri Reis

Sadly the treatment of and attitude towards the implications of the Piri Reis map are typical of our established science. Best liken to " blind with eyes wide open". Even when presented with something tangible, the establishment refuses to accept or follow up on it.
