"Like an old-fashioned minister of information, Art Bell has tried to control the propaganda coming from his opponents, and failed. But it hasn't worked."

Fun At The Expense Of Death?

Truxton Meadows represents the vast majority of mindless and easily entertained juvenile idiots that listen to Art Bell. Truxton also gives fuel to the fire of hoaxes by saying ' oh yeah, its really entertaining'. Never mind that these idiots are making people who are serious and actually have a brain look bad. Grow up Truxton! It's total assholes like you keep dipshits like Art Bell on the air. I wish I could sit there and say that killing 40 people was hilarious. Fun at the expense of the lives of 40 people isn't funny at all. You are an idiot!

The Question Everyone Asks....

I am an avid Art Bell listener. I believe maybe 3% of what he and his guests say. The other 97% is just pure good fun at someone else's expense for me! If you ever wondered why people would perpetrate a hoax here's the answer: 'cause these people are hilarious! And they do it all with a straight face, taking themselves seriously! Even when the hoax is proven to be a hoax, they continue on. It just doesn't get any better than this. I encourage all hoaxer to keep it up! These people line up for it. You're giving their lives meaning, and giving many of us folks just some great laughs!
