Hon. Dan Burton, Chair
 House Committee on Government Reform and Oversight
 2157 Rayburn House Office Building
 Washington, DC 20515

Dear Congressman Burton:

As you are undoubtedly aware, a full page Petition announcement is about to appear in the Washington Post, calling on the Congress to hold open Congressional Hearings on the matter of the Extraterrestrial presence. Further, you are aware of a private briefing provided to Congress members and staff last April 15, facilitated by CSETI's Dr. Steven Greer, in which testimony came from astronauts, high-ranking military officers and senior government officials concerning their witnessing of UFO/ET reality within the scope of their governmental duties.

The Cold War is over. The inordinate secrecy culture of that Cold War needs to end. We need to return to our founding principles of a government by, of and for the people. This requires a fully-informed electorate.

I am writing you to urge you to convene your Committee to hold hearings on the evidence for UFO reality, on extraterrestrial contact, and on a lack of forthcomingness by relevant governmental agencies about information they have on these matters. The healing of the deep distrust by the citizenry of our government can take a large step forward with these Hearings. I urge you to contact Dr. Greer and Command Sgt.-Major Robert Dean, and have them assemble the high-level witnesses to testify at those Hearings. Have your staff prepare the necessary Congressional immunity paperwork to provide these witnesses immunity from security laws and oaths relating to their testimony.

I expect that I can additionally provide an extremely high-level government official from an Above Top Secret USAP subcommittee of the National Security Council, if he is afforded the necessary immunity. Have your staff contact me as you prepare hearings.

Please be a leader in this process of open government now.

Thank you, sir.

Sincerely,
