MORE DIALOGUE BETWEEN MICHAEL SPITZER AND DR. RICHARD BOYLAN, 9/8/98

> > Uniformly I find that a genuine experiencer, of sound mind, and carefully and professionally_ intervened with and counseled by an expert in ET encounters counseling, will emerge with a favorable overall impression of their encounter.
Richard Boylan, Ph.D.

> your above statement SOUNDS BAD, especially in view of all the recent stuff on A&E showing OUT OF CONTEXT suggestion to the patient during hypnosis EVEN BY THE LIKES OF MACK, et al. could you possibly provide a best example ANONYMOUS transcript of a session of YOURS where the abductee comes to the revelation (ie the actual "turn-around") that their abduction was not bad afterall...so that we can SEE FOR OURSELVES that there was no > leading by the hypnoterapist during this EXTREMELY vulnerable-to-suggestion time in an abductees state of awarenenss, ie, when they are so susseptable to suggestion and thinking that other's thoughts are their own, etc.?? THIS WOULD DO IT FOR ME, my friend :)

Michael,

There are no "transcripts" of my private hypnotherapy/counseling sessions, of which I do not make recordings. I do take notes. My session notes are private, because of client confidentiality.

But I will tell you that I do not lead clients. In fact, in the typical hypnosis session, I just take them back to the encounter scene the client already partially remembers, and then I shut up, and the client proceeds with spontaneous flow of memory, now unlocked through

hypnosis. No prompting is necessary with genuine recall.

Truly skilled professional hypnotherapists are vitally aware of the potential for influence under hypnosis and scrupulously avoid any such "leading" or suggestions.

Michael Spitzer:

> also, as for your preceding/former statement above, i agree!
> there IS a HUGE effort to make every one feel that abductions are PAINFUL and HORRIBLE, and that all et's are evil.

Richard Boylan, Ph.D.:

Yes, we are in agreement here. There are billion\$ of your tax dollars (black-budgeted) being misspent to keep the public confused, uninformed or disinformed about UFO/ET reality.

Michael Spitzer:

> BENEVOLENT ET CREATORS/GODS (and their still bio-locked allies, ie et's still requiring their biologies) DO SHOW UP FROM OTHER REALMS AND BEGIN FILLING THE SKIES WITH THEIR CRAFT, we will virtually all be brainwashed into using every weapon at mankind's disposal to fight OUR REAL LOVING GODS and their allied, albeit biological, ET forces.

Richard Boylan, Ph.D.:

I personally am unwilling to use the label "gods" to describe the ETs who helped bioengineer humanity from terrestrial primate stock. While I am obviously one beneficiary of such largesse in spreading the gift of life, as are all fellow Earthlings, I think it wise not to risk confusing the highly-evolved consciousnesses from other star systems, and even the ETs who have evolved past needing a physical body, with God/Supreme Source. Even the most evolved ET knows that he is not God, but subordinate to God.

You are accurate in saying that the Shadow Government has a major campaign of conditioning the public to fear/hate ETs, so as not to oppose war on incoming Visitor craft by renegade elements of the military Space Command.

Michael Spitzer:

> and, since we are in the mapped portion of the universe that is EVIL by design and definition of our REAL LOVING GODS

Richard Boylan, Ph.D.:

Sorry, my friend, we disagree there. I consider it blasphemous, not to say mistaken, to consider any of God's universe to be "evil by design and definition". Indeed, a proper understanding of the underlying unicity of creation and Creator precludes any "evil universe".

While there may be lesser-developed individuals and civilizations on other planets in other star systems, those ETs who have evolved to the point of doing missionary consciousness-raising, such as the Interstellar Federation races are doing here on Earth, have evolved past where low, self-serving behavior is acceptable in their societies. Instead, these cultures share an understanding of the mutual interconnectedness of all life-forms, and wish to have us understand and value this interconnectedness as well.

Do not fall for the Shadow Government's "abductions are evil" propaganda. The SG is enraged, because, despite SG's efforts to monopolize access to ETs, millions of ordinary citizens through their encounters are getting access directly to ET communication, information, esp-enhancement, future information, biological enhancements, technological advances, and other transformative experiences, which the Shadow Government wishes to monopolize and hoard for itself, for power, wealth and control purposes.
