ET Base On Earth Sanctioned By Officials Since 1954 Confirmed; also,
Secret U.S.-USSR Manned Space Station, Positioned In Orbit For Past 30
Years, Disclosed.

by
Richard Boylan, Ph.D.

In July of 1952 the world was electrified by large newspaper headlines and photos of squadrons of UFOs flying repeatedly over the nation's Capital in Washington, DC. Four months later WW II General Dwight Eisenhower was elected President.

The same month President Eisenhower took office (January, 1953), the CIA's Office of Scientific Intelligence (OSI) was ordered to determine if UFOs were interstellar vehicles. OSI convened the Robertson Panel of scientists, which recommended that the Air Force study of UFOs, Project Blue Book, be expanded.

A year later, in April, 1954, as documented by Gerald Light, President Eisenhower made a secret trip to Muroc Field (now Edwards Air Force Base), in the California desert, accompanied by generals, reporter Franklin Allen of the Hearst Newspapers Group, Los Angeles Catholic Bishop James McIntyre, and others. The President had previously arranged to be in nearby Palm Springs, CA, purportedly for a golfing vacation. He "was spirited over to Muroc one night," while reporters were fed the cover story that the President had a toothache and needed to see a dentist. While at Muroc Air Field, Eisenhower was present while an extraterrestrial disc landed. Several Star Visitors emerged to converse with the President and the generals. The extraterrestrials requested that Eisenhower make the public aware of extraterrestrial contact with Earth forthwith. The President protested that humans were not ready, and needed time to be prepared for adjusting to this stupendous reality.

By the end of the following month, May, 1954, President Eisenhower's CIA Director, Walter Bedell Smith, Prince Bernhard of Netherlands, David Rockefeller and other top world financiers, later-Secretary of State Dean Rusk, later-British Minister of

Defense Denis Healey, and other Western power leaders convened the inaugural meeting of the Bilderberg Group, "a means of Western collective management of the world order". {Sklar, H., ed., 1981. Trilateralism. Boston: South End Press.) One of the early items on the agenda of this world management policy board was extraterrestrial contact.

The following information was disclosed to me by a confidential reliable informant, who previously worked on contract for the National Security Agency, and maintains connections within the Intelligence community. This information has been confirmed by a second source, Dr. Michael Wolf of the National Security Council's unacknowledged subcommittee, the MJ-12 Special Studies Group. The report which follows is not "leaks". The release of this information is part of the Acclimation Program, an official though unacknowledged U.S. Government policy of "processed release of information", as Dr. Wolf describes it. (Any information presented in this report which I have developed independent of these two governmental informants will appear in parentheses.)

Shortly after establishing itself, the Bilderberg Group collaborated with the Council on Foreign Relations (CFR), another international policy body devoted to world management, concerning the problem of adjusting humankind to extraterrestrial presence. Bilderberg and CFR decided jointly in the mid-1950s to enter into an arrangement with the extraterrestrials: The ETs were given an island in French Polynesia as a base on Earth. This arrangement afforded them an opportunity to monitor closely Earth cultures and behavior; and it permitted Earth governments a way to monitor extraterrestrial culture and behavior. "It became an on-going experiment," as my former-NSA informant put it. He adds that when official public announcement of the extraterrestrial presence occurs, "they will be the ones introduced to Earthlings; 'Oh, by the way, we want to welcome our neighbors from the Pleiades, who by the way have been here since [the beginning of Earth] time, but [are] actually living in our place, date, space and time.'" The informant adds, "They are the diplomatic corps."

My ex-NSA informant reported that the U.S. particularly held out for many concessions before agreeing to the arrangement. (He did not specify what those concessions were, but history subsequent to 1954 suggests that what the U.S. obtained was the lion's share of extraterrestrial scientist consultants, to assist American scientists in understanding and adapting exotic ET technologies into such devices we now know as the computer chip, fibre optics, lasers, gene-splicing therapy, cloning, night-vision equipment, super-tenacity fibers (such as Kevlar lightweight armor), aerospace ceramics, Stealth technology, particle-beam devices, and gravity-control flight.) NSC's Dr. Michael Wolf has previously revealed in his book *The Catchers of Heaven* that he worked with ETs as part of his governmental duties. "I met with extraterrestrial individuals every day in my work, and shared living quarters with them," while doing research at extremely-classified underground government research laboratories. He added, "Zetas work in underground facilities, as requested by the U.S. Government. The ETs are not breaking the U.S. Government-Zeta treaties, but the Government has broken treaties by mistreating ETs, and trying to fire on UFOs." Dr. Wolf also described working with very human-appearing races dubbed the Nordics and Semitics. He said, "The Semitics and Nordics come from Altair 4 and 5 and from the Pleiades [star systems]." Wolf also disclosed that in 1954 the U.S. had four extraterrestrial corpses in the "Blue Room", Hanger 18 at Wright-Patterson Air Force Base, Dayton, Ohio. These bodies came from a series of retrievals of downed UFOs. "The first UFO came down in 1941 into the ocean west of San Diego, and was retrieved by the Navy." (The Navy has held a leadership position in UFO matters ever since.) Between that and the first publicly-announced UFO crash in 1947, northwest of Roswell, New Mexico, Wolf says there was another crash in 1946, as well as two other crashes in 1947 besides Roswell.

Secret U.S.-USSR Manned Space Station, Positioned In Orbit For Past 30 Years, Disclosed.

In a report earlier this year, I wrote that in 1969, Apollo 10 astronauts Stafford, Cernan and Young were the first to approach an extraterrestrial beacon (dubbed The Monolith) and film it. Now, with additional information, I can add that they were not, however, the first astronauts to spot this ET beacon. That Monolith was first sighted by Russian cosmonaut Yuri Gagarin, the first man in space, in 1961. He was followed that same year by American astronaut Alan Shephard, who also sighted the beacon. It turns out that sighting the beacon was not that unlikely. My NSA informant says, "There are billions of them floating all over." Dr. Michael Wolf shed additional light on the beacons. "They are 'postcards from the rim'. They emit both light and tone signals, sending a mathematical language. There may be five or more ET civilizations involved in setting up these beacons."

Ignore those Boeing commercials and the NASA press releases about how America "soon" will have its own first manned space station. My ex-NSA informant revealed that there has been a manned "deep space platform" in orbit above Earth for over thirty years! "It [has] had three-manned [American] crews as well as Russians 'on' since '68!" He further states that since 1973, the space station received additional extremely-high technology, "and has had

upgrades since." His disclosures confirms reports I had heard previously from former military officers about a secret space platform in orbit.

This disclosure makes clear, as does my earlier report about a secret military astronaut program retrieving the "Apollo 10" Monolith in 1972 for study, that the Cape Canaveral Space Shuttles launches and the "first American" space station on NASA's drawing boards are just government "cover" programs. Such programs have served to deflect the public from becoming aware before now of the existence of a black-project military space station and classified military craft which can go well past orbit into deep space.

There will be additional disclosures, which will be brought to you as they become available.
