Regarding "Stanton Friedman" - Latest First

location of mj12 documents

came across a set of mj12 documents at a local historical society. they match completely the documents listed in your book, peculiarity to peculiarity. these papers seem to be printed on original office bond-not copy paper. documents were contributed to historical society by wife of former eisenhower cabinet member. did you ever see original copies? if interested please contact.

The Idiot Tom on the "idiot"

Have you ever heard of the term being taken out of context? Do You actually believe that a credible person like Stanton Friedman knew he was going to be exploited? Use wisdom here! I met Stanton friedman in Roswell New Mexico. The Man has spent 30 years reporting the truth. The very Idea of knowingly going on a shoddy broadcast is career and credibilty suicide. Use your head Tom!

Freidman discredits himself

Stanton appeared on a UPN show called "Alien Abduction". The show was an obvious spin-off of the famous "Alien Autopsy: Fact Or Fiction". The abduction was obviously staged. One would have to be a half-wit to think otherwise. His position was in support of the film. Why has he decided to go so blatantly commercial thus undermining his position completely?

Friedman's continued attacks

I hear that Stanton Friedman has been attacking Michael Wolf again in Brazil. Mr. Friedman should stay with real investigative research rather than gossip that he cannot prove. Gossip and continued attacks benefit no one. By, the way, I hear that Mr. Friedman still cannot spell Michael Wolf's last name right. How is that for knowing what you are talking about?
