Professional Publications: I have had almost 100 scientific articles published in scientific and technology journals and six book chapters and scores of NASA and FAA technical reports since 1967.

UFO Publications: Five major books (Observing UFO, Nelson-Hall, Chicago, 1979); UFO Phenomena and the Behavioral Scientist, The Scarecrow Press, Metuchen, New Jersey, 1970; Melbourne Episode, LDA Press, 1987; Advanced Aerial Devices Reported During the Korean War, LDA Press, 1990; Project Delta-A Study of Multiple UFO, LDA Press, 1994. Also approx. 35 Proceedings papers and articles in magazines in many different languages.

Re: Ed Walters.... I neither support or do not support Mr. Walters' story of his sightings and photographs allegedly obtained at Gulf Breeze, Florida.

Future Work: I have completed a book length manuscript which presents over 240 CE-5 cases involving human initiated contact. This monumental work makes it clear that whatever ufo are they are very passive (non-aggressive) unless and until provoked by human beings.
