Regarding "McPherson Family" - Latest First

so close and yet so far.

We are all of the opinion that the tape found of the Mcphersons Family was real. But the proof is not in the pudding but in the tasting. We wish to see the proof that not only would it be convenient for the government to cover this fantastic hoax to strengthen their resolve on the situation. But the fact of the matter is there is still a WHOLE MISSING FAMILY to take account for this alleged videotape. Find the family and ask them!! Also one more thing, where is the real tape please???

The Camera

Everithing in the house don't work well except the camera... it's a fake

Puhlease!!!

It just amazes me how the camera quality is so perfect, come on, as if the camera could be conveniently picture perfect, in the right place at the right time. I do not deny the existence of alien life, but on this tape? No way!!!

McPherson family

Alien Abduction: Incident in Lake County is such a hoax. The actor that plays Tommy McPherson is Kristian Ayre, who is also in the series Ghostwriter and Space Cases. And the acting is horrible! Yeah, it looks real, but this video is a hoax, plain and simple.
