General Links

- [UFO Patterns and Predictions](#) - Discussion of patterns including Aime Michel's attempt to use "Orthoteny" to investigate UFOs. <12/8/98 #1>
"Orthoteny supposedly showed that when large numbers of UFO sightings were plotted on a map the sightings fell along straight lines. However, after several years computer analysis showed that similar effect could be produced with random points. However, Orthoteny was an attempt to understand UFOs and investigate them in a systemic manner."
- [Photograph for Michel's "The Truth About Flying Saucers"](#) - The photograph taken by M Fregnale of Lac Chauvet, France on 18 July 1952. Fregnale always thought the photo had a natural explanation. - Opinion <12/8/98 #2>
