Messages For Montel

Although we have no connection with the show, the Ufomind website receives hundreds of email messages intended for talk show host Montel Williams, who we have an "unofficial" link page for at <http://www.ufomind.com/people/m/montel/>. Apparently, many of Montel's viewers believe that we are the official Montel site, in spite of the prominent disclaimer at the top of our page.

I have spent the evening assembling the most interesting of these messages into a single document. Many of them are funny, but most are merely sad. People call on Montel to solve all manner of desperate personal problems, from sexual abuse to finding missing pets. By far the most common request is for assistance in finding lost family members. TV watchers write to Montel as though he cared about each individual viewer and could personally intercede on their behalf. If these messages are a window in the world of the average American, then America must be a world of pain.

In the messages I have collected, I have removed the email address, last name and any other identifying information, but otherwise I have left each message intact. All of these messages were either posted as comments to our Montel page or were sent to the Ufomind webmaster addressed to Montel. This compendium is a sequel to my previous "Messages to Montel" posting at <http://www.ufomind.com/misc/1998/sep/d01-001.shtml>

The messages for Montel are followed by several messages for psychic Sylvia Browne, who has appeared on the Montel show several times and who receives the same kind of email. Our unofficial page for her is <http://www.ufomind.com/people/b/browne/>

There are about 60 messages total!

I believe that out of all of THE TALK SHOW HOST MONTEL IS THE MOST REAL. HE DOESN'T STOOP TO THE JERRY'S AND SALLY'S JUST FOR RATING'S. I BELIEVE HE IS A OUTSPOKEN, ELOQUENT, CARING PERSON. NOT OUT FOR HIMSELF, BUT TO HELP AND RENDER HELP FOR HIS GUESTS. KEEP UP THE GOOD WORK AND DON'T GO FOR SENSATIONALISM. FROM A REAL PERSON AS WELL.

Montel, I watch your show faithfully and was greatly disturbed that you even gave airtime to the slimeball from upskirt. Did you know that your face is now on his website as advertisement!It is a sickening site and I feel it will belittle the good that you do if people associate your name with that sort of sexual crime. I have enjoyed your show for a long time and i respect the fact that you tell it like it is, but i am greatly disappointed to see your face on a website that promotes the degradation of women!

Montel,
Who do you think you are? Who died and put you in charge? The way you sit in judgement of your guests is very annoying and makes me so angry. Your "holier than thou" attitude, is getting to be more than I can bear. Have you ever heard the phrase "people in glass houses shouldn't throw stones?" Sometimes I feel sorry for your guests, the way you berate them and talk down to them. The show that you recently had about interracial relationships with the 12 year old whose mother had raised her to be a racist is a good example.
The way you attacked that child was very unprofessional.

Subject: Step-fathers ARE good people

Dear Montel,
I am so tired of hearing the bad in this world,how about some good. On September 12 I married my soulmate. I was 36,divorced,and a single mom with 4 children. My husband and I divorced and he also divorced his children. When I met Phil he fell in love with me AND all 4 of the kids. We lived together for 6 years and amazingly enough we had only small problems. When we married the children were a big part of the ceremony. Phil loves OUR children and they love him. We are a family and if the kids "real" father doesn't want them Phil sure does. He has made a difficult situation easier for all of us. So you see here are good men and YES GREAT step-fathers out there.

Subject: Don't be sour over Ratings Montel

Montel has attacked the Jerry Springer show on a few occasions. I'm sorry Mr. Williams, but your initial shows in 1992 included lesbians, strippers, etc. Because you chose to alter your shows content and subsequently lose in the ratings game, is no reason to attack another. Be happy with the little niche of viewers attracted to your current format or CHANGE YOUR FORMAT. Crying and bitching and attacking only shuns viewers of your show who also watch Jerry and Rikki, etc.

Dear Montel Williams Show,

Hello. My name is Holly Lxxxx. I know that Montel has already done a show on reuniting old high school sweethearts. Well I have a friend (my ex-employer - his name is Stephen Mxxxx) who is still in love with his old high school sweet heart. I know this sounds normal and maybe not t.v. worthy but I think if you listened and found out what happened to them in high school and how they were torn apart by the young girl's mother - you would find this to be very interesting. To make a long story short Stephen Mxxxx is probably nearing his forties. He has been married once but now is divorced. *His ex-wife is now ill. His high school sweet heart is now out somewhere in California. Her name is Janice Rxxxxxx. She is single and has a daughter. At one time or another she was passing through Dallas with an overlay at the DFW/airport she called Mr. Mathis to meet for lunch at the airport. The airport was the last place they saw each. Her mother was bitterly against there relationship so she sent her off (during her second year in highschool) to another school far away. Then after lunch she got on her plane back to California. Maybe once a year he hears from her. They still express the same love for one another - but they feel that so much time has passed. Mr. Mathis is losing a siter to brain cancer and he feels that he needs to stay and help his family members (sisters abd brothers, mom and dad). I am not against that but I believe he is losing a chance again to true love. Please help if you can.

Subject: program suggestion Hepatitis C HCV

The virus Hepatitis C is out numbering HIV in many states. HCV is not a virus caused solely by over drinking or drugging. Almost 30 years ago I received my first blood transfusion and have had others for various reasons since. In 1994 a liver biopsy confirmed I had HCV and liver damage. I would appreciate it if you would do a show regarding this virus referred to by many as the silent killer. You always handle such important topics on your show and people sit up and listen. Please consider this? Thank you for your time and for your show. God bless you for all you have done for the people of this country.

Subject: Confused

Hello my name is Clifton Mxxxx and I am looking to maybe get this letter into the hands of Montel Williams. I am continuously impressed by his ability to help those in need and to support everyone with problems on his show. I have a certain delima regarding my Sister-in-Law, she has a Drug addiction and has seeked help. And in the process of seeking help, going to places that offer de-toxic to cure her illness of an addiction, she has been rejected for every reason that the organization could come up with, i.e. you aren't from this county, you have a home and someone to take care of you. My wife's family cannot afford to place her in treatment. She is only 18 years old, and no one wants to see this beautiful girl waste her life away, we are so confused when you see the commercials, and advertisments regarding help, when one comes for that help no one will offer the assistance that they so advertise. This is destroying a beautiful family, and all it is that I am looking for is some form of explanation on why won't someone help this young girl out when she is asking for it, we do not want to see her end up another statistic to a drug addiction.

I have been amazed in the attitude that Mr. Williams has given to those with the same problems as mine. My wife is having a hard time dealing with this situation, we live in Dahlgren, Va and her family is in Orange Park, Fl. I am in the United States Navy so my hands are tied and we are looking for someone to offer some form of assitance or at least some type of explanation as to why we feel that they are cheating this beautiful girl out of the rest of her life and could be responsible for tearing her family apart. I have 2 beautiful children that if something like this were to happen to them I would expect some form of explanation and we feel that the excuses that have been recieved by the family are unexceptable.

Please forward this to whom ever it needs to be seen by, we are just asking for a response, thank you for your time and patience.

Montel, when I watch your show I think sometimes that is my life and other times I am glad that it is not like my life. I have a little girl who is one and a little boy who is due in Feb. I still live with my parents who help support us, since I do not get any child support. Only my dad works and he is in real bad shape. I was wondering if there would be any way that you can help me and my kids to say THANK YOU to them.

Subject: I need to know

Dear Montel, I have never met my biological father. I didn't even know that my stepfather was not my real father until I was 13 and my parents were going through a bitter divorce. I am 32 now and I would really like to find my real father. The only thing that I know of my father is that he resided in southern Ca. his name is David Gorgita. I cannot afford to hire an agency and have tried on many occasions to look for him on my own with the phone book, etc. but nothing has worked. If you could help me I would be very grateful, this is something that has haunted me for many years WHO AM I ???

Hi, My name is Yasman Lxxx and I'm 33yrs. of age. I've been thinking of finding my Biological Father for along time. My Mother was in the United States Air Force back in 1964, she met a man by the name of Jerry Hxxxxx who dated my mom for a while and end up breaking off the relationship with my mom or they agreed on it together but all I know is that to find him would be something I've been wanting to do for along time so please Montel if you could help me find my Biological Father I would be grateful for it. P.S. The last I was told, was that he lived in Virginia I'm not sure what part of Virginia but that's where he lived. Thank you!

Brian, who represented himself from the Montel Show, called me last Friday 2/19 and asked that I have my material ready to send to him by the end of the day. So it could be sent to him. He scheduled to have airborne express pick up my portforlio. Which they did by 3:30 that very same afternoon. I am still unclear as to what the this information was intended to be helpful, or what the Montel show is intending to do with this information.

I really just want to be sure that the information was received, and that in fact, it was being directed to the Montel show.... When I contacted Brian from the Montel show, to ask if the original pictures would be returned, he responded with a message on my answering machine, that infact the original pictures would be returned. He also asked me for my age. I found the age question a little disturbing, however, I am a very young 38 year old woman, and appear younger than most of my school mates.

I am not sure if this web page is associated with the Montel Williams show, so if not please disregard this wordy letter. However, if it is, my family would be ever so grateful to know that the Montel Show is interested in our story, and that the show is considering airing the story, which could ultimately help my family and all the other victims, and their families.

I work for the Beachtree Cafe in East Islip, N.Y. For the last few years I have encountered many hard working individuals, many being single moms or college students struggling to pay their own way. As a result, many of these women do not have the time to spend on themselves and subsequently are in dire need of a makeover. Please if you ever have a makeover show please keep our staff in mind. Thank you!

Montel, I host exchange students from all over the world each year, and have discovered that you show is one that all of them enjoy most. Your show has given them a peek into what America is really like, not the candy coated one that the world see's all the time. You have a good balance of what is good about our country and what is bad, and they go away with a greater respect for all of us thanks to you. I would like to see you do a show on the good that the exchange programs do for our children and for our country sometime.

Subject: Will All This Mess Clear up?

Sylvia,
Since my adoptive mother passed over the first week of November in 1998 (did she know I was there and I love her) things seems to have gone completely down the tubes for me. My job has gotten to the point I feel my only alternative is to resign. My relationship of 10 yrs is at a point where I have been before and keep getting back into (thinking he go past events of the past). My family and best friend are tearing me down with with requests for help. Will any of this mess get better? Will I get a new job now? Will he get his stuff together so we can be a family for our 2 yr old?
Or will I just lose my mind?
PLEASE HELP.
