" For what one source says was as little as \$12,000, Rockwell would provide use of the Rife Regenerator... At the time they were arrested last week by the FBI, Leavitt and Harris had entered into a negotiation to test Rockwell's Rife Regenerator on anthrax vaccine. Rockwell requested a nonrefundable \$100,000 deposit on a future total payment of \$2 million for the regenerator, which he claimed was capable of changing the molecular makeup of cells and even curing cancer."
