## Government Officials

Past or present U.S. or foreign government officials or military officers who are implicated in UFO-related conspiracy claims.

The official need not have taken and public stand on UFOs, and the claims involving them need not be true for inclusion in this page. However, there does need to be some document linked to their ufologist page claiming a UFO connection.

See [Claimed Government Insiders](#) for former government workers who have come forward with UFO claims.
