Regarding "Don Schmitt" - Latest First

### New Information Regarding Roswell Incident

Dear Don, I have new information on CD-ROM (\$A20+\$A3.00p&h) regarding the metallic foil found at the crash site near Roswell. This CD-ROM is intended to explain precisely (i) what the material is called; (ii) what is so special about it; and (iii) what the US Air Force was doing with the foil at the time of the crash. And most important, I will show that the US Air Force, in releasing their final report on the incident, mentioned nothing about the foil that I will describe. If you are not sure whether to send money, just contact me first and I will send a synopsis.
