GOVERNMENT COVERUP ????

yesterday morning there was a great site regarding the recent seti controversy at www.geocities.com/capecanaveral/hall/7193 now there is just a silly "National Security Agency" emblem. Is this some form of an attempt by our govt. to cover something up or just a silly prank by an anti-SETI hacker? i have not been able to reach the page author to comment on the condition of the page. i would appreciate any help or info.
