- [Rhea](#) - personal background information <1/8 #1>
"I founded the Parapsychology Source of Information Center and began to publish an abstracting and indexing service, Parapsychology Abstracts International. I also became editor of one of the major parapsychology journals, the Journal of the American Society for Psychical Research, a position I still hold. In 1984 I was elected president of the international society of professional parapsychologists, the Parapsychological Association. In 1965 while in graduate library school I won the Hans Peter Luhn Award, New York Chapter of the American Society for Information Science, for an essay on the information needs of psychology. In 1992 the Parapsychological Association honored me with its Outstanding Lifetime Research Award."
