Dear Sirs

Mr Stanton Friedman has not done his homework as my Mentor J Allen Hyneck used To say. It costs money to debunk and Stanton ,when you are charging an extra dollar for your autograph with each book you sell, when you don't bother to listen to other speakers at conference and when YOU don't bother to visit these people at their homes and interview them in person , as I have, you have no right to discredit and attack , especially a respected scientist (A member of the New York Academy of Sciences and National Security Council Advisor) like Dr. Michael Wolf Krivant . Look folks, it costs money to debunk!!!

I have visited the home of Michael Wolf three times in Hartford and He does live in an apartment and I have photos and movie film, of him, his wife and son's photos and family pictures. They do exist ,as do his claims of working under cover in Rome with Fellini. Those photos are there if only people would do their homework properly. I have seen his credentials but was asked not to show them as he needs to play the "official deniability" role for the purpose of playing"the Game" as does ED FOUCHE who also wrote his book under the guise of science fiction.

Michael has a house full of medical and law books ,
microscopes,computers, plus numerous other equipment and photos of the first artificial intelligence lab he created for the government. All these things are there as we, those of us from foreign publications who have actually seen him (Michael Hesseman included) can attest to. He is real. I have had at least 60 telephone conversations with him in the last year and one half and He does not change any details to his story. There have been some who have found proof that he did go to MIT but if one knows" how Black OPS truly works, the proof disappeared off the screen the dAY AFTER SOMEONE FOUND IT! THERE CAN BE NO PAPER TRAIL NOR ANY RECORDS. ONE MUST STEADILY INVESTIGATE AND LOOK FOR INCONGUITIES. I DON'T SEE STANTON TAKING THE MONEY, TIME OR ENERGY TO DO THIS AND AS MUCH AS I RESPECTED HIM FOR HIS PAST CONTRIBUTION TO UFOLOGY, I SEE A REAL DESTRUCTIVE QUALITY TO WHAT HE IS DOING NOW.

Since I and my colleague Adrianno Forgione (UFO NETWORK- FUTURO ITALY) have been covering this story for awhile and I have of course cross checked some Dr Wolf's information and found him to be telling the truth , I would be willing to answer any questions about him.
