Giant Rock & the Integratron

Giant Rock and the Integratron are located close to each other about 15 miles north of Yucca Valley, Calif. (about 2 hours from Los Angeles). Giant Rock is a huge boulder on public land that was the site of many UFO gatherings in the 1950s, where believers expected flying saucers to land. The Integratron is a domed building three miles away. It was built by George Van Tassel to channel healing energy. [an error occurred while processing this directive]

Integretron Construction Information?

I wanted to build a small replica of the Ingegretron, but I understand that the electrical collecting network is unique, to produce the high voltage healing currents... does anyone have a schematic of the Integretron wiring and collecting rods? gigawatt@blkbox.com

Van Tassle Resurfaces

Apparently, there is a growing number of people investigating this incredible story that has been swept under the american carpet. My late grandmother followed Van Tassle out to Yucca Valley where she lived for several years. In that time she hand copied some of his manuscripts and kept all of her proceedings. I went out to the dessert with some of my family to check out this integratron thing, having no idea that the manuscripts we had were actually Georges. Daniel Boone was able to identify what we have. Its seems as though, the more I look on the internet, the more I am finding a resurgence of this mans history.

[VanTassel Presaged Message of Mars Monuments](#)

Although the Mayan calendar had not been deciphered in August, 1953, the solar physics predicted with the ancient calendar were explained in George Van Tassel's extraterrestrial contacts. Van Tassel's explanation of solar flares at 20 North and South latitudes with a cube presaged identification of the cube's central role in the tetrahedral geometry depicted in monuments on Mars photographed 2 decades later. Van Tassel's claim of contact with extraterrestrials associated with Venus is consistent with the Native American tradition of Quetzalcoatl, symbolized by Venus.

GEORGE W.VAN TASSELS LEGACY

I personally have researched every aspct of his life and work and am about to bring to the public the great legacy of this mans dedication to an authentic mandate from "HIGHER AUTHORITIES">
