RE: Secret base near NAS Cesil Field

Jacksonville is the launching site for 30-40 ICBMs. Other locations include NAS Jax, Mayport, and Blount Island. We are, after all, a military hub. The only recent UFO activity includes one low-flying (60-100'), slow-moving object over the Arlington area May of 1991; it remains unidentified. I am not aware of anything since.

Spanish River Beach

I am interested in speaking with anyone who has had enigmatic experiences late at night on Spanish River Beach in Boca Raton, Florida. Boca, of all places! I've spent a lot of time out there and have had many, many interesting experiences. I also have a lot of friends who have had similar experiences and have even run into one person in another state who had some experiences paralleling mine. So. If you know what I'm talking

about and would maybe like to start a mailing list or even a skywatcher type situation, drop me a line. I'm very interested to find out how many people out there have had something different happen to them at this beach. Best wishes, Chris
