"A joint US / EBE facility exists beneath the Archuleta Mesa near the town of DULCE NEW MEXICO. This facility has been in existence in one form or another since 1948. The facility proper is located one kilometer underground. The base is approximately 2.5 miles northwest of Dulce, and almost overlooks the town. There is a government road 36 feet wide going into the area."

"I have been informed by several sources that at the end of a box canyon on Archuleta Mesa lies "an exact replica of the Egyptian Sphinx." It is at this particular point that UFOs, flying saucers, "ghost lights" and other aerial phenomenona disappear into the mountainside, either through a large cave-like opening or a "swirling energy vortex." Now this I just cannot miss. I gather up a hand-picked team of researchers (two old college friends), and it's off to northern New Mexico."

Are you kidding me?

I believe all peolpe should question authority.Why hasn't this topic made the 6:00 news ? If any of this has truth,it would have come out and been exposed. Many other topics have been exposed with much less social importance.This topic is either "entertainment" or something all human beings should know about.But don't string people along with somebodys fantasies . Fact/fiction...entertainment/truth ? Which is it? There hasn't

been any tangible proof . Show it and I'll be a believer .

Once lived in Dulce

In 1980 I worked for the Jicarilla Tribe with a helicopter crew doing fire prevention work. I traveled the roads and flew over the mesa many times over a 4 month period. During this time I never witnessed anything unusual but heard stories from local Apaches about strange happenings in the area. I believe it was Mr. Valdez I used to talk too about the cattle mutilations in the area, and found him to be very inrteresting. I knew some of the locals very well and dont think any of them would have anything to hide, if they have a story, they would tell you.Thanks.

Conclusion

After careful examination of the info this page has provided me on the 'Dulce' base, it has led me to believe that the base is shut down, or UFO's can access it cloaked or using dimensional technology. It seems more likely that if the gov. is still using the base, they are accessing it via underground tunnels. If my theory is true, then instead of looking for an entrance ON the mesa, we should be looking for one surrounding the mesa.
