Regarding "Texas" - Latest First

I'm a believer

When i was staying with my cousin in Lubbock, Tx, we went out to walk. It was dark outside so I told her we should get a flashlight, so we did. We went to the park and messed around, then I flashed the flashlight in the air, and all of a sudden 5 different colors flash right back. We kept doing that until all of the lights on that "UFO" flashed numerous times, then we ran away. The next day we went back there and there was a burnt spot around the park. Thats why I'm a believer.

Owls Are Not What They Seem

TWIN PEAKS cryptic:"Owls are not what they seem" euphemism for E.T. goings-ons: I interviewed a Texas eyewitness driving home mid-night 1986 Odessa- Big Springs, TX. crossed trestle over arroyo as humanlike figure- little boy "fishing" at bridge railing. Headlights died before good look & thinking: funny the kid was in head to toe leotard while rearview revealed not boy -but immense owl peering back & for miles sober witness "fuzzy headed" fought to keep from passing out. Repressed memory released on remark "Owls are not what they seem!" Ref. Whitley Strieber's: "Transformations"
