Regarding "Lubbock Lights & Levelland Sightings" - Latest First

triangular UFO over Rhinebeck NY

Sometime between 6-8 pm in just south-east of Rhinebeck, NY I saw a large triangular shape object in the sky (at least the size of a 737). It made an odd humming noise as it passed overhead. While it did not perform any amazing aeronautical feats, its sheer size intrigued me especially considering it was flying at approximately 200-300 ft. without standard aircraft lighting at a very slow and steady pace. Anyone else see this thing on or around Nov. 7th (1997)? My boss also saw the object headed west towards the Hudson River so, if I hallucinated the whole thing, it was a shared hallucination. Anyone have some thoughts on this?
