You are responsible for independently verifying any information you may find here. [More Info](#)

# World UFO Organizations

UFO-related groups with presence on the web, especially those with specific geographical territories. Links are sorted by [internet country code](#). To qualify as a "group", a national, international or general-interest organization must have at least 10 active members. However, a regional group needs only one member, so long as the group is actively reporting on UFO cases in its local area.

Groups with a specific topical interest (e.g. [abduction](#)) without geographical preference should be listed on that topic's page instead of here. (Topical groups with a specific geographical interest - e.g. abductions in California - can be listed in both pages.)
