 ¶A joint US / EBE facility exists beneath the Archuleta Mesa near the town of DULCE NEW MEXICO. This facility has been in existance in one form or another since 1948. The facility proper is located one kilometer underground. The base is approximately 2.5

miles northwest of Dulce, and almost overlooks the town. There is a government road 36 feet wide going into the area.

¶[I have been informed by several sources that at the end of a box canyon on Archuleta Mesa lies "an exact replica of the Egyptian Sphinx." It is at this particular point that UFOs, flying saucers, "ghost lights" and other aerial phenomenona disappear into the mountainside, either through a large cave-like opening or a "swirling energy vortex." Now this I just cannot miss. I gather up a hand-picked team of researchers (two old college friends), and it's off to northern New Mexico.]

Regarding "Underground Base at Dulce, NM" - Latest First

### Conclusion

After careful examination of the info this page has provided me on the 'Dulce' base, it has led me to believe that the base is shut down, or UFO's can access it cloaked or using dimensional technology. It seems more likely that if the gov. is still using the base, they are accessing it via underground tunnels. If my theory is true, then instead of looking for an entrance ON the mesa, we should be looking for one surrounding the mesa.

I was born and raised in Gallup N.M. My mother's sister married an Italian Immigrant and also to this day still reside there. He has been a professional hunter since the early 50's. He has very close ties to the Jicarilla tribe and leaders. Dulce is one of the area's in NM where he has hunted 1000 times over. Never once has he seen anything unusual or out of place.. Nada zip Zero!
