Regarding "UFO Sightings by Astronauts" - Latest First

Lovell "Santa Claus" comment

After watching the latest installment of "From the Earth to the Moon" on HBO it's quite apparat that the famous "Santa Claus" line had nothing at all to do with a UFO. How arrogant and wrong-headed are those who purposefully misinterpret an emotionally charged comment by a man who had just gone where no man or woman had ever gone before. Hello, it was Christmas morning !!
