Regarding "UFO Sightings by Celebrities" - Latest First

## [EGO OF THE CAPTAIN](#)

Shatner during the interview I had with him did not appear to think he was the only one who had ever had such an experience...it was only one of many subjects we discussed. I was acting as a stringer for the Enquirer and others at the time. met him backstage at ten thousand dollar pyramid show.

### **celebrities get publicized more.**

As i have just read celebrities get publicized more than your average "claimers" and they must think they'll get recognized or be believed quicker than your average "climer" ,and most people would believe famous people quicker than average people.I dont believe anyone unless I hear there story or know these people personaly. =) bye bye.

-- Keith MacLachlan 7/29/99 (#2)

### **William Shatner's Ego**

William Shatner needs to put the huge ego of his aside as he is acting as if he is the only person who has ever had an encounter with ETs. There are many people in this country alone, besides himself who have had encounters with the ETs. So, why does William Shatner think that he alone will be elected to be the one and only chosen one to lead us into contact with the aliens. The ETs pick who they want. Because we all have a part of the truth, we all will help one another in our contact experiences. William Ahatner needs to get off of his high horse.
