Regarding "UFO Sightings: 1990-94" - Latest First

UFO Sighting on July 1, 1998

I was looking at the stars at 12:00am I saw a craft w/a black underside 150m above me. It had no lights and made no sound. It was an oval shaped that appeared to be hovering. I went to get others to see it. Later, it was flying faster w/no lights or sound. We also saw 2 black colored helicopters that appeared to be circling the craft. The choppers had lights but no sound. The craft was headed in a NW dir. out of Paducah, KY. At first I first thought it to be a Stealth or military craft, but pictures do not confirm that.

[Alien Crafts Exist](#)

At April 19th 1995 I had the opportunity to see a 100 metres long ufo pass overhead at the speed of approx. 130 km/h. It was cigar shaped, had a dark hull which was illuminated at the underside, and it had a long row of porthole-looking lights along both sides. It felt so extremely strange, so I can't imagine it could have been made by man. A detailed description can be found at an excellent ufo-site called Ufo Sightings In New Mexico And The World. This has proved me once and for all that alien crafts exist, and I hope that all who read this will remember that for the rest of their life.
