## Reader Comments

Regarding "UFO Sightings Recorded on Video or Film" - Latest First

### Time traveling aliens

I read sometime ago, in an article by a mathematician that the greys and another group of aleins are from the future. These are supposed to have been evolved from the human race and have come to our time to see what went wrong with their specie. If there is anyone out there who has any info on this topic please email me.

### EXPLANATION OF UFO'S

There is no such thing as a flying saucer. All ufo's are explainable. They are either secret government projects, like aircraft, or "demons" as the bible calls it. Satan is the "Lord of the air" and it is his desire to pollute your mind and keep the truth from you. Read your bible people, it's all there. Search for yourself instead of letting others do it for you. Seek and ye shall find!

### Credibility

I just wanted to say that in the recent years, there have been tons of supposed UFO sightings, pictures or videos, many of them fakes made by people wanting public attention, to make a mockery of the government, or for other reasons unknown. I think it's ok if you make a hoax to fool your friends or as a joke ro people close to you, but if you go to the government or other officials and try to pass it off as authentic, that's just wrong. All you people who do this, come on! You're killing the credibility of all the people who actually did see something they can't explain.
