Regarding "Ancient Astronauts" - Latest First

[Sumerians and X planet](#)

The origins of the Epic of Gilgamesh can be traced back into the earliest civilizations of Mesopotamia. King Gilgamesh was known to be two third divine and one third human, and he went on a formidable quest to find his divine origins and gain the gods' immortality please look this site: <http://www.geocities.com/Eureka/Gold/9906/gam/sumer.html>

Ancient Sumerian Tablets

In the Enuma Elish it speaks of beings who came by way of a craft called Nibiru. Nibiru means "Crossing Place, Planet that goes across the skies". The reason it's referred to as a planet is because of its size (3x earth). The beings that control Nibiru are called the Anunnaqi. They were the ones who taught the people of that time. Different nationalities and religions refer to these same beings (Anunnaqi), but with different names. Christians = Angelos; Muslim = Malaa'ikat; Egyptians = Neteru; Hopi = Kachina; Native American = Thunderbirds; Hebrew = Eloheem; another term for Islam = Allahuma.
