## UFO Hoaxes

Documents describing UFO hoaxes and fraudulent claims. The position of this page is negative. All primary links should claim that a UFO report is hoaxed. Reply links can then be added responding to the criticism. Extensive discussions of a single case should be referred to the page for that case or the person who made the original UFO claims.

A hoax is not an error or misperception but a deliberate attempt to deceive. To be listed on this page, there must be some evidence of intent.

See [UFO Skeptics](#) for people and groups that are actively skeptical of UFO claims. See [Felons & Felonies](#) for public crimes involving UFO claims.

[tuvpo black list](#)

You may find many expressions in the web pages such as Fake, Hoax etc. We decided to bring a different approach when preparing this section. That's why we put them all under our Black List section. The people who prepare these fake UFO photographs and the other topics have not been placed here to be judged by us.
