Regarding "Alien Implants" - Latest First

oral implant of alien source?

An oral cyst appeared on the roof of my mouth in 1996 about a month after an experience which may have been visitation surgery of an alien and unknown source. Subsequent uk medical diagnostics pointed to the cyst being of asthma inhalent origin and skin irritation occurred. Two bio's of the area revealed little and a booked op which got as far as pre-med anasthetic was aborted yet the lump persists.
