### the truth

i don't realy care if u think this stuff is bull shit or not , but they are real as u and me. i have even known "true" aliens and there are more then one species of "greys". there are even bounty hunters. i will admit that much, whether u believe or not.

[New Information About the Roswell I-beam Glyphics](#)

The Roswell I-beam sequence found in the Alien Autopsy film showed a clip of the alleged I-beam structure. The actual autopsy part of the film has been judged by many who have analyzed it to be a fake. Anyone who has studied conspiracies knows the most effective way to hide the truth is to mix it with a lie. This is how disinformation works. However, there is new reason to believe that the I-beam revealed in the film may be genuine. <http://members.aol.com/ufoseek/>
