"Whee, should'a seen the UFO stir that one caused!"

professional wrestling is real, and that the Moon Landing was faked. The ignorance that this social predator decries; however, is a direct result of malicious acts such as he encourages here.

HE is the reason for a stupidity of humankind that is far, far from congenital. Truly, it is bred in his mylar balloons, and Christmas tree lights; it thrashes like a diseased animal in faked crop circles; it rides a polluted wave of scared fundamentalists who fan fake fires of this ignorance while dousing productive glimmerings of real elevation and advancement. He is living proof that the world improves with every funeral, and I wait patiently for his demise.

Perhaps the *Cropcircle Fakirs* consider him more of their ART.

"You, with the proud look . . .yeah YOU! Out of the gene pool, as you INSIST on treating it like your toilet!"
